## Welcome to MyComm Project!

Whether you follow us from the beginning or you are a recent member of our team, thank you! Remember that not only you can follow the project on the newsletters you receive but also by following our Facebook page where we release some updates of the project and on the project's website: <https://mycomm.obsglob.org/>

### Project's results

All training materials produced by the MyComm project consortium have been developed, tested and successfully used during the Training Series 1, 2 and 3! Stay tuned! Very soon they will be open to everyone in the project's page!

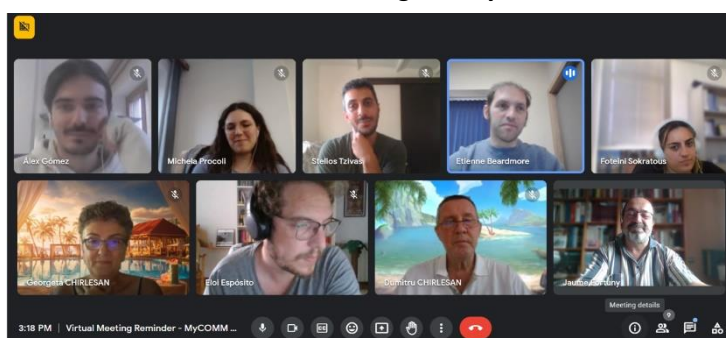

### Partners activities and meetings since May 2023

Partners have been holding different face-to-face and online meetings to keep up with the work: 5-6.07.2023 in Nicosia; 12.07.2023, 20.07.2023, 27.07.2023, 22.09.2023, 28.09.2023, 6.11.2023 and 27.11.2023 (online).

#### F2f meeting, 5-6 July 2023, Nicosia (Cyprus)

#### Online meeting, 27 July 2023

Since May 2023, the MyComm consortium prepared a consistent and relevant package of training resources and implemented 3 training series with total duration of 30 hours, with over 100 participants. The trainings have been achieved online and f2f in Pitești (Romania) and Virginia (Ireland), with staffs from youth organisations active in the field of social inclusion and migrants' and refugees' integration, to help them strengthen communications capacities in audio-visual, social networking and public advocacy.

### Next steps

Our next steps for the following months will be to hold 20 internships for youth organisation leaders that work with migrant and refugees, in order to help them acquire - through job shadowing and hands-on experiences – the necessary skills and knowledge about public policy and advocacy, communications and audio-visual techniques. Follow us on Facebook and project website to find out useful information about these internships (dates, locations, enrolment criteria)!

In 2024 more dissemination events in each partner country will take place, in order to further expand the exploitation potential of the project. We will keep you informed about these events!
